

Instructions for Poster Presentation

Participants should prepare their poster according to the following instructions:

- **Size:** A0 format (84.1 cm x 118.9 cm), portrait orientation (vertical).
- The posters will be attached to grilles; please ensure there are **grommets** in each corner.
- **Layout:** Clear structure with sections such as *Title, Authors & Affiliations, Introduction, Methods, Results, Discussion, Conclusion, References, Acknowledgments*.
- The **title** must be identical to the one submitted and accepted in the congress program.
- **Font:** Use readable fonts (minimum 24 pt for text, 32 pt for headings). Avoid long text blocks.
- **Figures & Tables:** Ensure high-resolution images (300 dpi minimum). Use contrasting colors to enhance readability.
- Include the conference logo.
- Authors are expected to be present at their poster during the scheduled **poster session** to discuss their work with attendees. Posters should be set up on the morning of the assigned session day in the designated area. The exact day will be specified to the authors in advance.
